

New Product Set Up Sheet

US Part #:	ABR-5000
UPC:	655003919950
Description:	Epic 5 High Performance Gigabit Router
MSRP:	\$ 529.95
Dealer Price:	\$ 299.00
Box Dimensions:	Box: 15.75" L (400mm) x 12" W (305mm) x 4" H (100mm); 5.2Lbs (2.3Kg)
Country of Origin:	China
Availability:	Order now for delivery in May of 2017

What this Product Does

The Epic 5 is Luxul's fastest and most powerful router ever, with Gigabit WAN-to-LAN speeds to take advantage of even the most advanced internet service. It offers everything you'd expect in a full-featured high-performance router from Luxul, including an intuitive interface with advanced management, as well as firewall, QoS, VLAN, VPN and other capabilities that ensure optimal performance, scalability and security of your network. But, it's also much more, acting as a platform for incorporating powerful web content filtering, remote management and other applications that make the network smarter and more reliable.*

- Add True Gigabit WAN to LAN Performance to your AV Rack Solutions
- Create a Secure Guest Network with VLANs
- Enable Secure Remote Access to the Network via VPN
- Optimize VoIP, Streaming Media and Other Demanding Applications
- Improve Network Reliability and Performance with Dual-WAN Capability
- Protect Your Network with Firewall and Security Features

Features
